

# OPPORTUNITY

Have you ever dreamed of being financially independent, with the freedom to do the things you want to do when you want to do them? E. Excel International provides an excellent opportunity to achieve this dream and help others in the process!

E. Excel has a proven, time-tested system designed to open the doors to your success. Hundreds of thousands of Distributors throughout the world in over fifteen countries have taken advantage of the E. Excel Opportunity. This step-by-step program simplifies the process of owning your own business and building a secure financial future. You simply start by using E. Excel's outstanding products. Then, after experiencing the product's healthful benefits, you can share your personal message of E. Excel Nutritional Immunology® with others. Along the way you can build a successful business and ultimately achieve financial freedom.

Take these simple steps to build your business and begin your journey toward financial independence:

STEP

1

## USE THE PRODUCTS

It is important for you, as an E. Excel Independent Distributor, to use the products. Immediately you will notice a positive difference in your health and well-being. That is the only way you will become a "product of the product" which will allow you to speak with enthusiasm and conviction about the products' benefits.

As a Distributor, you can purchase products at the wholesale price, and not the retail price.

STEP

2

## SHARE THE PRODUCTS

Once you have experienced the benefits of better health by using E. Excel products, you will want to share them with others and they will experience the positive results for themselves.

STEP

3

## INTRODUCE THE OPPORTUNITY

As you share E. Excel's exceptional products with others, the next step is to offer them the opportunity to save money by becoming an E. Excel Distributor. They can also experience the tax friendly advantages of having a home-based business.

5% bonus on four levels

When you purchase a monthly minimum order of 100 SV, you are then entitled to commissions on your Downline sales, which will earn you even more! E. Excel's Compensation Plan pays you a 5% commission (Distributor Development Bonus) on the Personal Sales Volume (PSV) of every Distributor whom you have sponsored on your first four levels for a total of 20% (please see chart).

STEP

4

## BECOME A QUALIFIED MASTER DISTRIBUTOR

One of your primary goals as a Distributor will be to attain the leadership rank of Master. When you have 100 Personal Sales Volume (PSV) and a combined Group Sales Volume (GSV) of 3000 over a one-month to two-month period (min. 1000 GSV in 2nd month) you achieve the rank of Master. To remain qualified as a Master, you must then maintain 100 PSV and 2000 GSV in each month thereafter.

Master Bonus on your Personal Group Sales Volume (PGSV)

As a Qualified Master, you can increase your profits and capitalize on even more exciting bonuses! Qualified Masters earn an additional Qualified Master Bonus, which is a 10% bonus on your own Personal Group Sales Volume (PGSV).

STEP

5

## HELP DOWNLINE TO ADVANCE TO MASTER RANK

While working toward their own success, true leaders also help others to improve. E. Excel offers a Master Leadership Bonus to Qualified Masters who actively help their Downline achieve the rank of Master. This bonus pays you on the GSV of those who achieve the rank of Master in your Downline.

5% bonus on six generations

Qualified Master Distributors receive up to 30% of the sales volume (5% commission on six generations of Downline Distributors' GSV) through the Master Leadership Bonus.

## USE THE PROMOTIONAL FUND

Promotional Fund

E. Excel devotes 3% of all sales volume to a promotional fund. This fund rewards Distributors' efforts by sponsoring contests, promotions, conventions, and other incentives, which quickly increase your potential for success. Attending E. Excel's convention provides an outstanding source of support, information, and fellowship, which help you to understand the business and the products on a much deeper level.

## GAIN FINANCIAL FREEDOM

63% Potential Payout
